

LAND OF PLENTY

THE LANDWORKERS' ALLIANCE CALENDAR 2024

We are excited to announce that our best selling calendar is back for 2024!

This year, our theme explores the myriad of lifeforms on which our agroecological farming and land-use systems depend. The calendar takes us on an intimate journey through a mosaic landscape of colourful wildflower meadows, ancient hedgerows, working woodlands, and biodiverse pastures. Alongside the plants, animals, and people that inhabit and work in these landscapes, this calendar is a celebration of the rich web of life that sustains us.

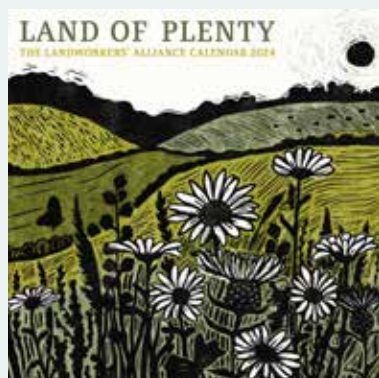

With bold and beautiful illustrations by printmaker and long-time LWA collaborator Rosanna Morris, 'Land of Plenty' is an invitation for us all to find joy, wonder, strength and hope in the infinite diversity that brings our agroecological farming and land-use systems to life.
