

A YEAR ON THE LAND

The LWA's fundraising calendar is back for 2025 - with a new artist!

Join us on a journey through the changing seasons; from the restful, cold of deep winter, to the stirring of new life in spring, the buzz and hum of mid summer followed by the slow wind down to the cool of autumn, and back once more, to winter.

Each month tells a story of nature, landwork and seasonal celebrations and is accompanied with a delicious seasonal recipe, shared by members of the LWA. Warming winter stews, cooling teas, tasty fresh tomatoes, tangy ferments and much more, our calendar is a delight to the senses!

Our new artist for 2025, Emma Reith, has created 12 unique lino cut artworks from her studio in Cornwall. Emma's beautiful prints skilfully bring to life each season, from the plants that are growing in the hedgerows, to the creatures in the skies and on the earth, and the people working the land, from the fields to the forests and seas.
